WEATHER PROBABILITIES .- War Depart ment, Office of the Chief Signal Officer, Wash notes, D. C., Jan'y. 6, 1877-10:30 a. m.east to southeast winds, increasing in force along

the coast, generally warmer and cloudy weather with rain extending northward and partly turning into snow. THE EVERETT MURDERERS - The Maryland Independent says that Martin Henry and Chas. H. Simpson, the two coad made murderers of Mr. John W. Evereit, seem to be bearing up under their misfortuces with much fortitude. Of the two we think Martin Heary shows the most signs of sherakag; he has little or no apin conversation, white Simpson always appears

alize their awind fate, and are daily making preparations for eternice. Their spiritual adviser, Rev F. McAtee, the beloved and es teemed paster of St. Thomas' church, is very assiduous in administering to their spiritual wants.

The Appapolis correspondent of the Sun of yesterday says: It is understood that Gov. Carroll will shortly take the case of the two colored men, Charles H. Simpson and Martin Henry, convicted in the Charles County Circuit Court, December 8 for the murder of John W. Everett, at Glymont, Maryland, on the 19th of July last. The Governor thinks justice to these action. S'x weeks will be given the condemned after the announcement of the day of execution.

Leter information from Accapolis says that

RELIEF HOOK AND LADDER COMPANY .-The annual meeting of the Relief Hook and Ladder Company was held last night, E. H. O'Brien in the chair and Park Agnew, secretary. One contributing and two ac ive members were elected, and one member transferred from the honerary to the active list.

The report of the treasurer was received, various bills audited and other routine business transacted, after which the meeting went into an election of officers, re-ulting as follows: President, James M. Steuart; Vice President, Gorge A. Mushbach; Secretary, Wn. K. D vidson, vice Park Agnew, who declined a re cleerion; Recorder, J. E. Mushbach; Freasurer, E. R. Carlin; Foreman, R. M. Lytham; First Assistant Foreman, M. H. Nash; Second Assistant Foreman, George Wise. The meeting then adjourned.

MR. C. W. DEMAINE, -Mr. Wm. Demaine received information last night from his son, Mr. C. W. Demaine, who was so badly frezen on the C. & O R. R., during Monday's snow storm. Examination developed the fact that the injured man was not so badly frezenas was at first supposed, although his feet and legs were turned black by the cold. It was intended to remove him from Gordonsvide to his home in Richmond yesterday, but he was too weak to bear the removal. It is coefidently for equality and justice in the premises, and expected, however, that he will be all right in a short time.

FIRE -The alarm of fire last night was caused by the burning out of a chimney at Mrs. Biczer's boarding house, near the corner of Prince and Fairfax streets. The whole Fire Department was out, and the members experienced great difficulty in dragging their apparatus through the heavy snow. The Hydraulion steamer was dragged by all four horses of the Department, and the Columbia was hauled by hand a part of the distance. So difficult did the pulling of the reels become that both companies were obliged to take to the pavements

OYSTERS .- One very troublesome effect of the prolonged blacking up of the river by the ice is the great searcity of oysters. There have been no oysters in the shell here for several weeks, and the dealers have to receive their supplies, already shucked, from Annapolis. It is reported that there is one vessel load at Quantico, but the late disarrangement of trains by the snow prevented their shipment to this city. The shucked oysters are being sold by unable to get his committee together in Philathe dealers at \$1.20 and \$1.30 per galion.

Ice. - The jee on the river continues to in crease in thickness, and has new reached fifteeu inches. Spots from which the ice had been cut day before yesterday, by the ice gathereis, were frozen over during the night to the thickness of two inches. So thick and solid is the ice that many persons who had field their ice houses in the early part of the season with thin ice, are having them cleared out and re-

Almost Frozen to Death - David H. Griffith and his brother, sous of Mrs. Julia R. Griffith, students of the Episcopal High School, day night after a drive of forty miles, from their home in Westmoreland county, in a ter rible condition, from the effects of the cold. are now improving.

TRAMPS. - The tramp nuisance is again becoming formidable. Every night the station house furnishes ledging for a number of them, and they get something to eat by begging about the private residences, or, failing in that, by stealing. These gentry, however, although they condescend to ask for something to eat, mon and communion, at 11 o'clock; afternoon are very dainty in their appetites, and want to service, without sermen, at 3.3); preaching (the be invited in. When they receive "hand outs" -anglice, cold victuals-they toss them dis dainfully away. A gentleman, while passing along south St. Asaph screet a few nights since, saw two tramps come along and separate, each approaching a house on different sides of the street. Attracted by their conduct, the gentleman stopped and watched them. Each of the men, on asking, was furnished with a goodly sized package of eatables, with which they left. A short distance further on they met and examined their packages, after which they contemptuously threw them into a neighboring alley. This is only an example of what the gratitude and practices of these vagabonds arc.

SLEIGHING ACCIDENT .- Considering the number of sleighs out, the narrowness of the streets, and the very imperfect manner in which they are lighted, there has been a singular im munity from accidents, during the prevalence of the present snow. An exception occurred, however, yesterday evening, in the case of Mr. Thomas Huntington. As he was driving down King street, near Alfred, having a lady in the sleigh with him, he met a coal eart coming up the street, and in turning out to pass it, he drove too far up on the snow bank, overturaing his sleigh and throwing both him and the lady out. The lady escaped unburt, but Mr. Hustington, in falling, was struck violently on the head by the hub or the cartwheel, inflicting a very ugly wound and knocking him senseless. He was at once conveyed to his home on Payne street, where Dr. Gibson attended him. Ic was at fi st feared that his skull was fractured, but this morning he was much better, and the physician was of opinion that his injuries were serious but not likely to prove fatal.

M. E CHURCH .- The services yesterday were bester attended than on any previous day. At night Rev. W. C. Webb preached from Daniel xii., 3. "And they that turn many to righteousness as the stars for ever and ever.' At the close of the serm in an invitation was given to all who intended to help in the ser vices to go forward and occupy the space around the commu ion rail. Nearly all the church members present complied with the request of the pastor, and several earnest prayers were offered. Although no invitation to others had been given one person went forward as an enquirer, and before the meeting closed made a profession of having been converted. The paster announced that the meetings would be coctioned next week, in the afternoon at 3:30 and at night at 7:30. On Sunday night there will be a memorial service for the late Mr. l'homas Davy.

MR. LOUIS E. PAYNE, well-known to the community as the popular and efficient Clerk of the Circuit Court of Alexandria county, was vesterday morning admitted to the practice of aw in the Corporation Court of this city. Mr. Payne is well known as an accomplished writer and public debater, and these acquirements, petite, and shows some it difference to engage | united with faculties of analysis of a nigh order, presage for him a career of honorable success hvery and communicative. Special Dispatches to the Gazette.

#### From Washington. WASHINGTON, January 6, 1877 .- Notwith-

standing the uncertainty surrounding the result of the impending crisis, the would-be leaders and directors on both sides are arrang ing the cabinets for their respective favorites in the event of su-cess, and there seems to be cases should be summary and will not delay a prevailing impression that no matter who turus up on top Virginia is to have a place in the Cabinet, and that place would appear to the Governor has signed the death warrants be the position of Postmaster General. It has and fixed February 9 as the day of ex cution. already been stated in these dispatches that Mr. Lawis McKenzie, of Alexandria, will be strongly urged by influential republicans in the event of Gov. Hayes' mauguration, and it is now whispered that if Goy. Tilden is President Gen. Eppa Hunton, of Warrenton, Va., will probably be urged for the position. Whether Staunton will permit her laurels to pass thus from her prow is a much mooted question among Virginians here, and with what grace Squart, Echois, Sheffey, Bell and the great men if the "hub" would yield to Smith, Payne, Hunton, Forbes, and the other great men of the other "hub" will be curious "to hehold." Gov. Walker was at one time named in connection with a Cabinet appointment, but as little of good can come from out side the "lubs" of course the ex Governor will waive his claims as in duty bound.

It is reported here on good authority that there will come to this city from the Great West, on the 14.h of February next, the day for the count ing of the electoral vote, one hundred thousand men, who will bring with them their memoria's praying the Senate to stand by the House in a fair Presidential count, and to ask "as in duty bound" the memorials will, should they come, be heeded-certain.

The statement published in some of the morning papers that Col. Mosby would be appointed one of the Police Commissioners of the District is not credited by those acquainted with Col. M., and who kn w that he has asserted that he would not accept a position under Gen. Grani's administration. In the event of Gov. Hayes' inauguration he might be preabroad," to get away from the importunates for office that would certainly overwhelm him.

It is reported that the House will take cog nizance of the war on the gamblers by the Police Commissioners here, and that in that event there will be some rich levelopments, impli cating to a greater or less extent some members of the Board.

Mr. Cex, chairman of the New York, Phila delphia, &c., investigating committee, being de phia during these hilarious times, has quit and come back to his place in the House.

No action has yet been taken by the Judiciary Committee of the House on the Barnes case. It is generally thought that the committee will report in favor of compelling the production of the telegrams, and that the House will su-tain the majority of the committee.

The House Committee on Counting the Exercial Vote met this morning, but did nothing, and adjourned until Monday morning.

The Senate and House portions of the Joint Committee on Counting the Electoral Votes near this city, arrived in Fredericksburg Thurs- were in session to-day, but came to no conclu-

war of 1812. Mr. G. is well known in Virginia and West Virginia, and was at one time connected with the editorial department of the National Intelligencer.

An excursion, comprising men bers of the General Assembly of West Virginia and other prominent citizens of that State, reached here to-day, and have been at the Capitol during a cons derable portion of the afternoon.

Owing to the rain and hail, the display at the sleighing carnival this afternoon, was much less interesting than was generally expected.

#### Congress

WASHINGTON, Jan. 6.-The Senate was 6 not in session to day, having adjourned yesterday till Monday.

In the House of Representatives, Mr. Douglas, of Va., from the Committee on the Freedman's Bank, introduced a bill relating to the sale and purchase, by the Commissioners of the Freedman's Banking Company, of certain property held by said company, which was passed.

The committees were then called for bills of a private character, and a few bills passed. A bill to provide for the sale of desert lands in certain Western States and Territories, was

A bill granting lands for educational purposes in the States of the Union, under certain provisions, including the teaching of military

tactics, went over under points of order. A bill to remove the political disabilities of Charles Scott, of Alabama, was passed.

The House then went into committee of the whole on the Consular and Diplomatic Ap propriation bill, which was considered for a short time, when the committee rose and re ported progress.

The House then took up District of Colum bia business, and passed a bili to settle certain tax liens; also a bill to prevent depredations upon property; also in relation to police officers amending the act for the repayement of Peonsylvania Avenue, extending the time for the completion of the work to June, &c.

Col. Holliday. WASHINGTON, Jan. 6 .- Col. F. W. M. Holliday, of Winchester, Va., is in the city, summoned here to appear before the Senate Committee on Privileges and Elections to answer as to his status as a Presidential elector. Col. H, said that be had purposely absented him self from the meeting of the electors at Richmond because he did not choose to raise the question of his eligibility on account of being a Centenuial Commissioner, though he was not of opinion that that disquitted him from being an elector.

Col. Holliday, in the course of a conversation, stated incidentally that his name having been brought forward in consection with the Governorship of Virginia, he had no hesitation in saying that he thought it too soon to agitate the subject, and that he had not made up his mind in connection therewith, but that he had never said that he would decline a nomination. clined, and though the acceptance would necessitute a sacrifice upon his part, yet when called upon by his fellow citizens to accept a post of duty he had never declined, and did not know that he would in this instance.

While he is not seeking the nomination, it is not proper that Col. II should be thrust out of the field by publications to the effect that he would not be a candidate before the convention.

Rev. Dr. Bulleck, of the Union Presbyerian Church, who, in consequence of a severe cold. was prevented from continuing his discourse last Sunday night, on the "Inspira tion of the Scriptures," begun the Sunday night previous, by request, will preach in that Church, te-morrow night, on the "External Evidences of Christianity."

The Board of Supervisors, of Alexandria county will meet on Tuesday next.

MINSTREL performances, says a cotemporary, are not high art nor do they require a high intellectual capacity for appreciation, yet they are none the less legitimate forms of amusement which have a strong hold u on the popular taste. Hundreds of people who are wern out with the daily work of his are ready to hall with delight anything which makes them laugh heartily, and perhaps their appre-ciation is none the less seen for the very reason that headwork is not an essential requisite to enjoyment. To them the minstrels afford the very entertainment wished, and, therefore, it is not surprising that these troupes draw crowded All who enjoy min trel performances cannot do better than attend the entertainment of Haverly's Minstrels at Sarepta Hall, on Monday night.

Look out for cold weather and don't catch cold, but if you do, nothing will meet the re quirements of your situation as well as Dr. Bull's Cough Syrup.

If you have a bad cold, and your teeth are discolored, any lady will thank you to postpone your call until you use Luut's Cough Syrup and Wells' Eureka.

This is no apology for whiskey drinking; it is a medicine that cannot be used to intoxicate; it produces a tonic effect, as well as acts as a cathartic. In fact, Simmons' Liver Regulator is pronounced an unexceptionable medicine.

TEMPERANCE WINE FOR INVALIDS.—It is well

known that there are cases when the most strict advocates of temperance are obliged to use some sort of wine, especially those who are old valled upon to change his mind and "go and infirm. Many weakly females as well as invalids and debilitated persons in warm weather need a little strengthening wine. The great difficulty has been in procuring a rich Port that is reliable. There are many cases where wine would be used to great advantage in place of alchoholic drinks if only a genuine article could be had, and upon which physicians could rely as being strictly pure, without alcoholic admix-ture. The Port Grape Wine of Alfred Speer, of Passaic, New Jersey, has been analyzed by hemists in nearly every State, and has always been proved strictly pure and beneficial. This wine is now being used in hospitals and by families for medicinal purposes, also by churches for communion service. It is principally sold by druggists. Mr. Speer's mode of conducting the fermentation is such as to retain the rich flavor and sweetness of the grape without much fermentation to create stimulative properties .-
